

TIVERTON ROD & GUN CLUB

FITA Field Rounds

Tiverton Rod and Gun will host - the first of it's kind in this area - a FITA Field Round

A 12 target course that you will go around twice for 24 total targets will be laid out on an NFAA field course. A FITA Field can be marked - unmarked - or a combination of the two. This course will be considered "unmarked" as the course will be shot in meter distances but the permanent yard markers will give you a good hint.

To take a walking tour through the course go to – www.RIFAA.org and click on "see course".

The two dates for these shoots will be **June 14th** and **July 12th**. No pre-registration required - its show and go at a cost of \$15.00

There will be no shots longer than 60yards and you will be shooting at four different size targets: for shots from 11 - 22 meters you will shoot at a 20cm target, for shots from 16 – 32 meters you will shoot a 40 cm target, for shots from 22 – 49 meters you will shoot at a 60 cm target and for shots from 35 – 60 meters you will be shooting at an 80cm target.

You will shoot 3 arrows at each target except for the bunny.
